

**ASSEMBLY BILL**

**No. 1870**

---

**Introduced by Assembly Member Fong**

February 22, 2012

---

An act to amend Section 9575 of the Health and Safety Code, relating to mausoleums and columbariums.

LEGISLATIVE COUNSEL'S DIGEST

AB 1870, as introduced, Fong. Mausoleums and columbariums: building permits.

Existing law, the Mausoleum and Columbarium Law, establishes minimum requirements for the construction of mausoleums and columbariums, as defined, and prohibits the construction or alteration of a mausoleum or columbarium without a building permit from the appropriate local department. Existing law requires this permit application to be accompanied by specified documentation, including the written approval of the local cemetery authority of the plans and specifications for the work to be performed.

Under existing law, if the person to whom a permit or approval has been issued refuses or neglects to comply with applicable law, or makes a false statement or misrepresentation, as specified, the relevant department is required to revoke or cancel the permit or approval it has previously issued.

This bill would make technical, nonsubstantive changes to the law relating to mausoleum and columbarium building permits.

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

1     SECTION 1. Section 9575 of the Health and Safety Code is  
2     amended to read:  
3     9575. In the case of any refusal, or neglect ~~of~~ *by* the person to  
4     whom a permit or approval has been issued, to comply with all of  
5     the provisions of this part, or in case any false statement or  
6     misrepresentation is made in any of the plans, specifications, or  
7     statements submitted or filed for the permit or approval, the  
8     department shall revoke or cancel any permit or approval it has  
9     previously issued.
